

# SnowPlak

## TRAIL BLANC

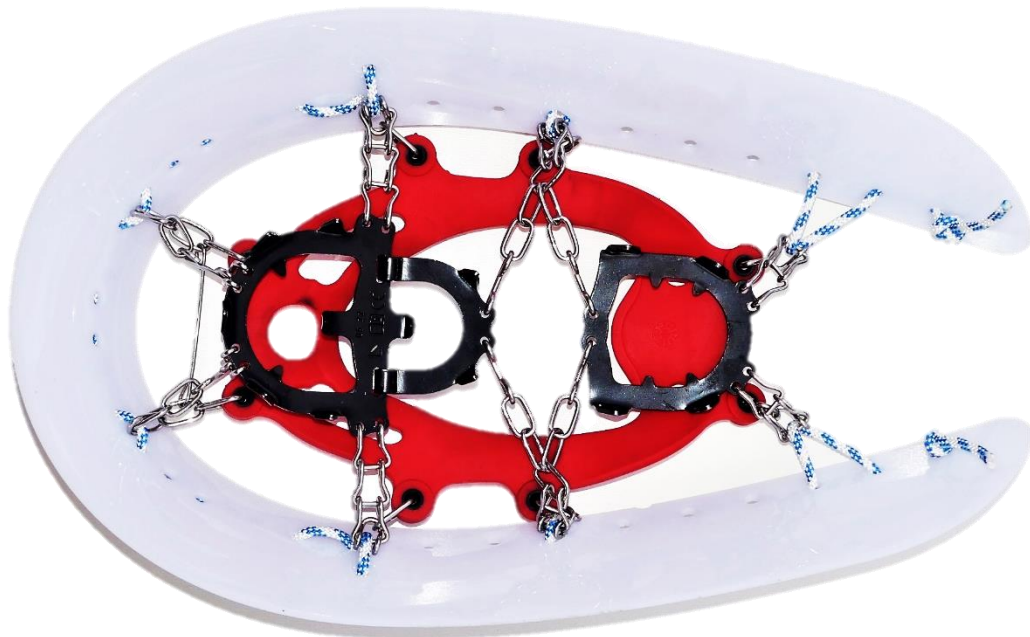

For snow hiking

Compact and flexible, it is the ultra-light solution for winter hiking.

Weight: 320g a pair + mini-crampons not supplied: 300g to 500g

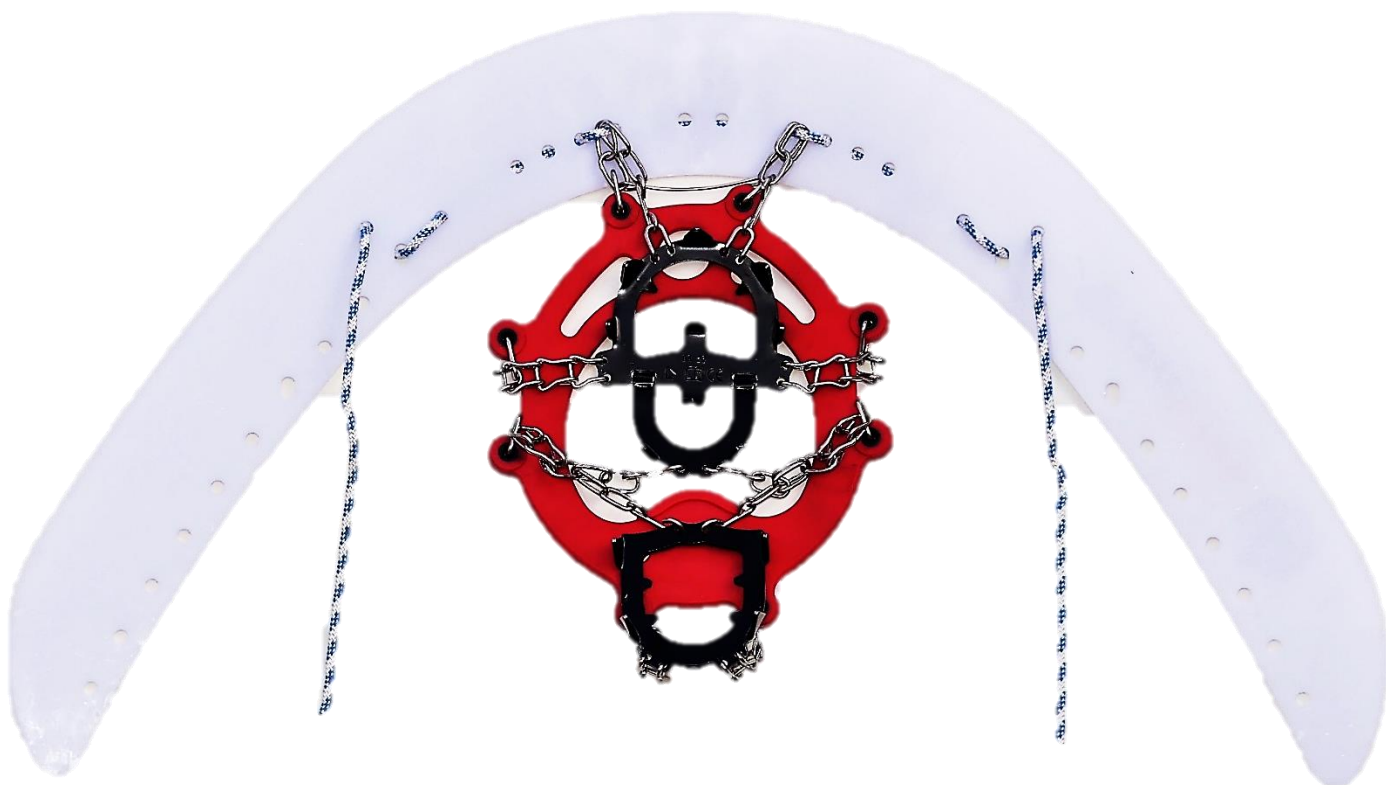

Mounted on Camp Ice Master or Edelrid Spiderpick type micro-crampons:

1. Mount the cord and the crampon on the plate starting from the middle (fig. 1)
2. Pass the cord through the side and back links of the crampon (fig. 2)
3. Tighten the rope and tie a stopper knot at the back (fig. 3)
